Description:

Located on the south side of Baltimore Street is this two story, three bay log house covered with aluminum siding. Its general form suggests a mid 19th century building date, but exterior features and finishes date from the mid 20th century or later, making an assessment of age by observing the exterior difficult.

According to the 1877 Atlas for Washington County there was a house on this lot, owned by W.H. Myers. It does not, however, appear to be in the same location as the present house.
